

# Epson's Printing For Profit & Pleasure

## A vibrant three-day program of Seminars and Workshops

presented by Team Digital and Epson in conjunction with supporting sponsors EIZO, Canson and Premier Imaging Products.

**THE AIM:** To equip attendees with an understanding of the skills and techniques that are required to produce photographic quality prints from digital images.

**PRESENTERS:** On hand to assist us in this objective will be two of Australia's most knowledgeable experts in the field of Photographic Imagery, Fine Art Printing, Colour Managed Workflow and Print Finishing. Dr Les Walkling is a Senior Research Fellow in the School of Art and Design at RMIT University in Melbourne whose knowledge of Fine Art Printing and the Colour Managed Workflow is second to none. Brent Acie is a well-respected educator who has compiled and presented training courses for teaching institutions and a variety of private training organizations. He has chaired judging panels for various photographic competitions and is a recognized authority on colour management.

**INDUSTRY SUPPORT:** In addition to our key presenters we will have several industry leaders joining us who will be keen to share their knowledge and product expertise with all who attend the courses. Included in this invasion from the East will be senior personnel from EIZO Australia, Epson Australia, Kayell Australia and Premier Art.

### PROGRAM AT A GLANCE

**30th March 2010** - First Steps Seminar (9.30am-12.45pm)  
Understanding the key elements to printing success - An introductory seminar for photographers looking to get serious about producing quality output.
